Content Management Policy & Procedures

This Content Managements Policy & Procedures ("**Policy**") sets forth how LUMINECORE Limited is a company established and existing under the laws of the Republic of Cyprus, reg. number HE 466730 **"Company"**, **"we", "us", "our"**), manages content admitted to the website.

All terms used in this Policy ("**Site**", "**Services**", "**Users**", "**Models**", "**Content**", etc.) shall be interpreted in accordance with the definitions laid out in Terms of Use available at https://desirecast.com/legal/terms-of-use

1. Age and identify verification of user

    1. Upon entrance to the Website www.desirecast.com, the message window pops up that requires everyone entering the web site to confirm agreement with Term of Use and Privacy Policy and Verify age (18+).

    2. To use the website the user must create an account and register on the Website. Upon registration the user provides the obligatory data: name, date of birth, country of residence, email address and password.

    3. By default, the registration is with the role of a member.

    4. The Company relies upon date of birth to confirm Age of user. Please refer to the Terms of Use with description of parent control tools that may be used to protect minors.

2. Age and identity verification of streamer

    2.1. After registration, the user logs into his personal account. The user sees a link/button "Become a streamer" - he is transferred to the verification form.

    2.2. In addition to data provided in step 1.2 the Streamer provides following documents:

    1. Scanned copy or photo of passport or ID document issued by the Country of residence. The scan should be clear and distinct. The scanned document should contain photos, date of birth, place of birth.

    2. The Model photo. The photo shall be:

        in color

        Taken within the last 6 months to reflect on the Model current appearance

        Taken in front of a plain white or off-white background

        Taken in full-face view directly facing the camera

        With a neutral facial expression and both eyes open

        Taken in clothing that you normally wear daily

Do not wear a hat or head covering that obscures the hair or hairline, unless worn daily for a religious purpose. Your full face must be visible, and the head covering must not cast any shadows on your face.

Headphones, wireless hands-free devices, or similar items are not acceptable in your photo.

Eyeglasses are not allowed

3. The Model photo holding in hands passport or ID document provided. The photo must be clear and distinct and must allow the Model and the document identification by the Company.

4. Tax information required including taxpayer identification number, VAT number.

2.3. The screen displays instructions on how to take a scan/photo correctly.

2.4. After documents are uploaded the user is given the flag "Streamer" current status = "under review". The user has access to all the functions of the website, except for starting the broadcast.

3. Data verification:

3.1. Manual verification by administrator:

3.1.1. The administrator receives a notification about a new identity verification request from the user.

3.1.2. The administrator logs into a special administrative panel where all verification requests are displayed. The administrator selects a specific query to confirm.

3.1.3. The administrator reviews with high level of scrutiny the passport/ID and photos uploaded by the user:

3.1.3.1. Checks that all required passport pages are present and that the data on them is legible and clearly viewed.

3.1.3.2. Checks the passport data against the data provided by the user during registration (name, date of birth, etc.).

3.1.3.3. Checks whether the passport photo matches the user's photo.

3.1.4. Based on the review, the administrator decides to confirm or reject the request for verification.

3.1.5. If the data is correct and meets the requirements, the administrator confirms the verification. The user status changes to "passed". The user may start broadcasting.

3.1.6. If the data is incorrect or there are any discrepancies or suspicions of fraud, the administrator will reject the request and may request additional documents, photos, clarifications etc. The user status changes to "Rejected". The user has access to all the functions of the website except for broadcasting.

3.1.7. The administrator sends a notification to the user about the verification result on user e-mail used for registration and show status on the front page.

3.1.8. If user was rejected the administrator provides in the notification the reason (-s) for

being rejected.

3.1.9. There is automatic documentation of verification results in a verification log, including the date, time and result of each verification.

4. Content management procedure:

4.1. Manual verification by administrator:

4.1.1. The administrator reviews content before being confirmed for uploading and reviews live shows in a real time, in the following respect:

4.1.1.1. Model identity is aligned with documents and photos uploaded upon registration.

4.1.1.2. Presence of any other persons. Any other person (co-staring model) should have passed through registration processes.

4.1.1.3. Model appears sober and acting at good will.

4.1.1.4. The content/live show does not contain any of the following prohibited activities:
